

# External Recognition

**MAA (UK) and AMRDEC (US Army)**

# Scope of Presentation

- Introduction
- MAA and AMRDEC Mutual Recognition
- Use of the NATO Model
- Summary

# Introduction

- EMAD R currently only covers pMS recognition.
- There is a business need to extend to External Recognition (ER) which includes Civil and non EDA military authorities.
- UK MAA is recognising US Army.
- NATO has developed process which might map to EMAD R ER.

# Recognition Process

- **Air and Space Interoperability Council (ASIC) – AUS, CAN, NZ, UK and US were briefed on EMAD R at their meeting in Ottawa on 12 Jun 13.**
- **There was agreement to follow the Mutual Recognition process with the US Army and use the MARQ for self assessments.**
- **Coordinating Function steps in the EMAD R process were omitted because no responsibility has been established for External Recognition.**

# Benefits

- US DoD has new order setting down duty of care for US personnel travelling in other nation's aircraft. (DoD Directive 5030.61 - 24 May 13)
- UK confirmation that there is satisfactory airworthiness assurance in place for potential future support-helicopter programmes and UK personnel duty of care when travelling in US aircraft.
- Support to the ASIC Creed of Cooperative Working.

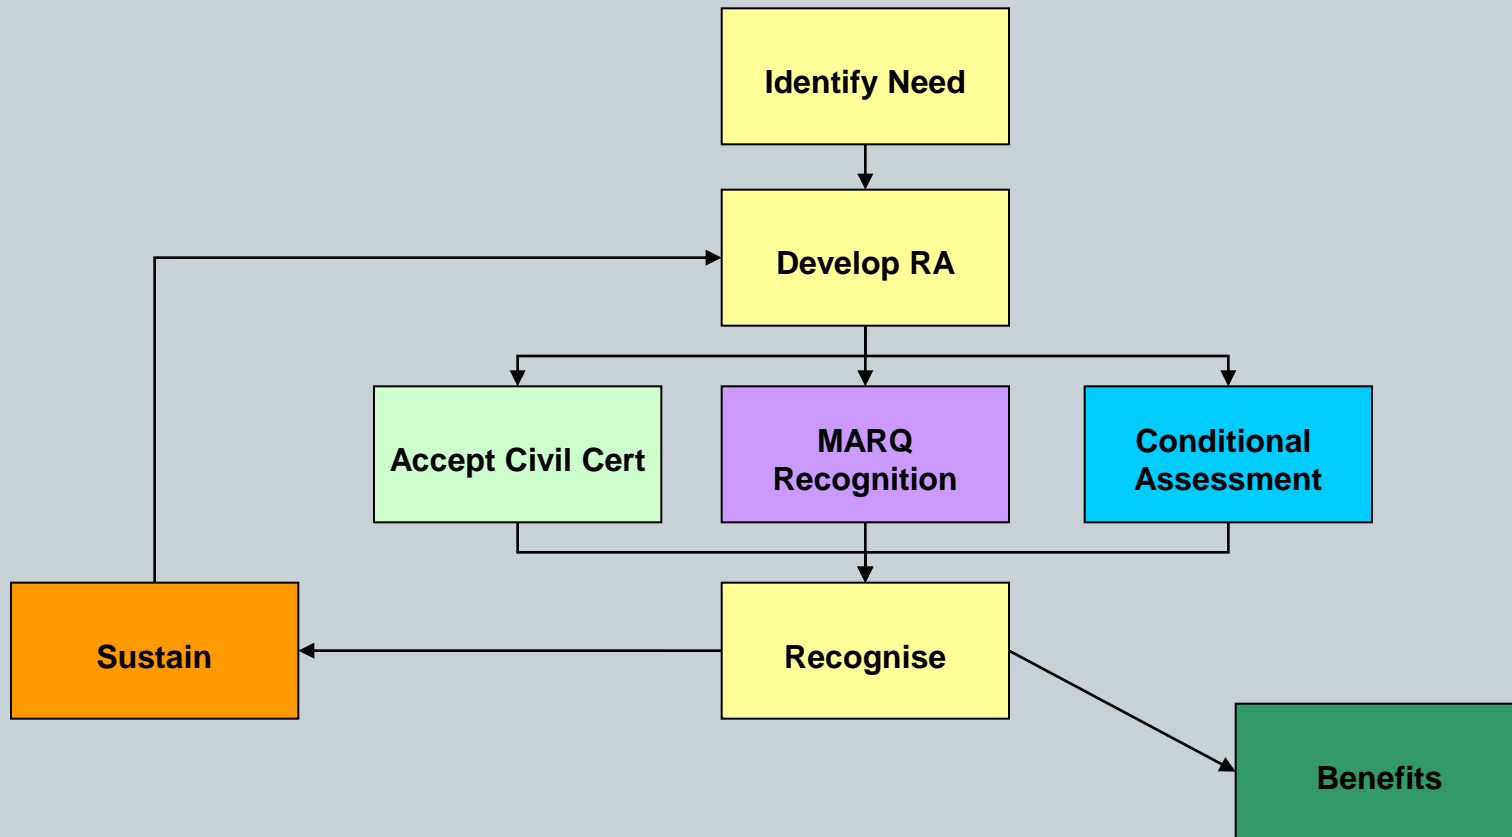

# Process Schedule

<b>Scoping visit to agree Recognition Agreement (RA) content carried out.</b>	<b>16 May 13</b>
<b>RA Signed</b>	<b>10 Jun 13</b>
<b>AMRDEC and UK MAA completed MARQs.</b>	<b>5 Jul 13</b>
<b>Validation visit to AMRDEC carried out with AUS and US Navy reps present.</b>	<b>24 Aug 13</b>
<b>Validation visit to UK MAA carried out.</b>	<b>4 Sep 13</b>
<b>Recognition Certificate (RC) Signed</b>	<b>TBC</b>

# Adopt NATO Recognition Model

- NATO Airworthiness Working Group has developed process that could form basis of MAWA ER.

# Summary

- **Air and Space Interoperability Council are buying into EMAD R process including the MARQ.**
- **This was Mutual Recognition (MR) without Coord Support Function input.**
- **Experiences could be used to inform development of ER process in EMAD R.**
- **Propose TF1 to develop ER process for inclusion in EMAD R using UKMAA/AMRDEC experience and NATO process model.**
