

IMPORTANT ANNOUNCEMENT

EDA Procurement procedures as of 12 September 2014

In order to improve communication efficiency between EDA and its tenderers and contractors, please note that information on procurement procedures and outcome thereof will solely be communicated individually by e-mail, save when original versions of documents are required.

The communication channels to be used are nevertheless explicitly indicated in each call for tender documents.

Tenderer are hereby recalled that it is their responsibility:

- to provide a valid e-mail address together with their contact details in their tender
- To check their e-mail regularly.
