- II.1.7.** In the event of disruption resulting from the action of a member of the Contractor's staff working on Agency premises or in the event of the expertise of a member of the Contractor's staff failing to correspond to the profile required by the Contract, the Contractor shall replace him without delay. The Agency shall have the right to request the replacement of any such member of staff, stating its reasons for so doing. Replacement staff must have the necessary qualifications and be capable of performing the Contract under the same contractual conditions. The Contractor shall be responsible for any delay in the execution of the tasks assigned to him resulting from the replacement of staff in accordance with this Article.
- II.1.8.** Should any unforeseen event, action or omission directly or indirectly hamper execution of the tasks, either partially or totally, the Contractor shall immediately and on his own initiative record it and report it to the Agency. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the Contractor to ensure full compliance with his obligations under the Contract. In such event the Contractor shall give priority to solving the problem rather than determining liability.

- II.1.9.** Should the Contractor fail to perform his obligations under the Contract in accordance with the provisions laid down therein, the Agency may - without prejudice to its right to terminate the Contract - reduce or recover payments in proportion to the scale of the failure. In addition, the Agency may impose penalties or liquidated damages provided for in Article II.16.

A copy of all the relevant insurance contracts shall be sent to the Agency should it so request.

ARTICLE II.3 - CONFLICT OF INTERESTS

- II.3.1.** The Contractor shall take all necessary measures to prevent any situation that could compromise the impartial and objective performance of the Contract. Such conflict of interests could arise in particular as a result of economic interest, political or national affinity, family or emotional ties, or any other relevant connection or shared interest. Any conflict of interests which could arise during performance of the Contract must be notified to the Agency in writing without delay. In the event of such conflict, the Contractor shall immediately take all necessary steps to resolve it.

The Agency reserves the right to verify that such measures are adequate and may require additional measures to be taken, if necessary, within a time limit which it shall set. The Contractor shall ensure that his staff, board and directors are not placed in a situation which could give rise to conflict of interests. Without prejudice to Article II.1 the Contractor shall replace, immediately and without compensation from the Agency, any member of his staff exposed to such a situation.

- II.3.2.** The Contractor shall abstain from any contact likely to compromise his independence.
- II.3.3.** The Contractor declares:

- II.3.4.** The Contractor shall pass on all the relevant obligations in writing to his staff, board, and directors as well as to third parties involved in performance of the Contract. A copy of the instructions given and the undertakings made in this respect shall be sent to the Agency should it so request.

ARTICLE II.4 – PAYMENTS

II.4.1. Pre-financing:

Where required by Article I.4.1, the Contractor shall provide a financial guarantee in the form of a bank guarantee or equivalent supplied by a bank or an authorised financial institution (guarantor) equal to the amount indicated in the same Article to cover pre-financing under the Contract. Such guarantee may be replaced by a joint and several guarantee by a third party.

The guarantor shall pay to the Agency at its request an amount corresponding to payments made by it to the Contractor which have not yet been covered by equivalent work on his part.

The guarantor shall stand as first-call guarantor and shall not require the Agency to have recourse against the principal debtor (the Contractor).

The guarantee shall specify that it enters into force at the latest on the date on which the Contractor receives the pre-financing. The Agency shall release the guarantor from its obligations as soon as the Contractor has demonstrated that any pre-financing has been covered by equivalent work. The guarantee shall be retained until the pre-financing has been deducted from interim payments or payment of the balance to the Contractor. It shall be released the following month. The cost of providing such guarantee shall be borne by the Contractor.

II.4.2. Interim payment:

At the end of each of the periods indicated in Annex I, upon receipt of the relevant acceptance certificate, the Contractor shall submit to the Agency a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- an interim technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;
- statements of reimbursable expenses in accordance with Article II.7;
- a copy of the relevant acceptance certificate.

If the report is a condition for payment, on receipt the Agency shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Agency does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations or information enclosed.

Where the Agency requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

II.4.3. Payment of the balance:

Within sixty days of completion of the tasks referred to in Annex I, upon receipt of the relevant acceptance certificate, the Contractor shall submit to the Agency a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- a final technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;
- statements of reimbursable expenses in accordance with Article II.7;
- a copy of the relevant acceptance certificate.

If the report is a condition for payment, on receipt the Agency shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Agency does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations and information enclosed.

Where the Agency requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

ARTICLE II.5 – GENERAL PROVISIONS CONCERNING PAYMENTS

II.5.1. Payments shall be deemed to have been made on the date on which the Agency's account is debited.

II.5.2. The payment periods referred to in Article I.4 may be suspended by the Agency at any time if it informs the Contractor that his payment request is not admissible, either because the amount is not due or because the necessary supporting documents have not been properly produced. In case of doubt on the eligibility of the expenditure indicated in the payment request, the Agency may suspend the time limit for payment for the purpose of further verification, including an on-the-spot check, in order to ascertain, prior to payment, that the expenditure is eligible.

The Agency shall notify the Contractor accordingly and set out the reasons for the suspension by registered letter with acknowledgment of receipt or equivalent. Suspension shall take effect from the date of dispatch of the letter. The remainder of the period referred to in Article I.4 shall begin to run again once the suspension has been lifted.

II.5.3. In the event of late payment the Contractor may claim interest within two months of receiving the payment. Interest shall be calculated at the rate applied by the European Central Bank to its most recent main refinancing operations (*"the reference rate"*) plus seven percentage points (*"the margin"*). The reference rate in force on the first day of the month in which the payment is due shall apply. Such interest rate is published in the C series of the Official Journal of the European Union. Interest shall be payable for the period elapsing from the calendar day following expiry of the time limit for payment up to the day of payment. Suspension of payment by the Agency may not be deemed to constitute late payment.

ARTICLE II.6 – RECOVERY

- II.6.1.** If total payments made exceed the amount actually due under the Contract or if recovery is justified in accordance with the terms of the Contract, the Contractor shall reimburse the appropriate amount in euro on receipt of the debit note, in the manner and within the time limits set by the Agency.
- II.6.2.** In the event of failure to pay by the deadline specified in the request for reimbursement, the sum due shall bear interest at the rate indicated in Article II.5.3. Interest shall be payable from the calendar day following the due date up to the calendar day on which the debt is repaid in full.
- II.6.3.** In the event of failure to pay by the deadline specified in the request for reimbursement, the Agency may, after informing the Contractor, recover amounts established as certain, of a fixed amount and due by offsetting, in cases where the Contractor also has a claim on the Agency that is certain, of a fixed amount and due. The Agency may also claim against the guarantee, where provided for.

ARTICLE II.7 - REIMBURSEMENTS

- II.7.1.** Where provided by the Special Conditions or by Annex I, the Agency shall reimburse the expenses which are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets.

- II.7.5.** The cost of shipment of equipment or unaccompanied luggage shall be reimbursed provided the Agency has given prior written authorisation.

ARTICLE II.8 – OWNERSHIP OF THE RESULTS - INTELLECTUAL AND INDUSTRIAL PROPERTY

Any results or rights thereon, including copyright and other intellectual or industrial property rights, obtained in performance of the Contract, shall be owned solely by the Agency, which may use, publish, assign or transfer them as it sees fit, without geographical or other limitation, except where industrial or intellectual property rights exist prior to the Contract being entered into.

ARTICLE II.9 – CONFIDENTIALITY

- II.9.1.** The Contractor undertakes to treat in the strictest confidence and not make use of or divulge to third parties any information or documents which are linked to performance of the Contract. The Contractor shall continue to be bound by this undertaking after completion of the tasks.
- II.9.2.** The Contractor shall obtain from each member of his staff, board and directors an undertaking that they will respect the confidentiality of any information which is linked, directly or indirectly, to execution of the tasks and that they will not divulge to third parties or use for their own benefit or that of any third party any document or information not available publicly, even after completion of the tasks.

ARTICLE II.10 - USE, DISTRIBUTION AND PUBLICATION OF INFORMATION

- II.10.1.** The Contractor shall authorise the Agency to process, use, distribute and publish, for whatever purpose, by whatever means and on whatever medium, any data contained in or relating to the Contract, in particular the identity of the Contractor, the subject matter, the duration, the amount paid and the reports. Where personal data is concerned, Article I.8 shall apply.
- II.10.2.** Unless otherwise provided by the Special Conditions, the Agency shall not be required to distribute or publish documents or information supplied in performance of the Contract. If it decides not to publish the documents or information supplied, the Contractor may not have them distributed or published elsewhere without prior written authorisation from the Agency.
- II.10.3.** Any distribution or publication of information relating to the Contract by the Contractor shall require prior written authorisation from the Agency and shall mention the amount paid by the Agency. It shall state that the opinions expressed are those of the Contractor only and do not represent the Agency's official position.
- II.10.4.** The use of information obtained by the Contractor in the course of the Contract for purposes other than its performance shall be forbidden, unless the Agency has specifically given prior written authorisation to the contrary.

ARTICLE II. 11 – TAXATION

- II.11.1.** The Contractor shall have sole responsibility for compliance with the tax laws which apply to him. Failure to comply shall make the relevant invoices invalid.
- II.11.2.** The Contractor recognises that the Agency has been granted exemption from taxes and duties, including value added tax (VAT), pursuant to the provisions of the Decision of the Representatives of the Governments of the Member States, Meeting Within the Council, of 10/11/2004 on the privileges and immunities granted to the European Defence Agency and to its staff members.

- II.11.3.** The Contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the goods and services required for performance of the Contract are exempt from taxes and duties, including VAT.
- II.11.4.** Invoices presented by the Contractor shall indicate his place of taxation for VAT purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

ARTICLE II.12 – FORCE MAJEURE

- II.12.1.** Force majeure shall mean any unforeseeable and exceptional situation or event beyond the control of the contracting parties which prevents either of them from performing any of their obligations under the Contract, was not due to error or negligence on their part or on the part of a subcontractor, and could not have been avoided by the exercise of due diligence. Defects in equipment or material or delays in making it available, labour disputes, strikes or financial problems cannot be invoked as force majeure unless they stem directly from a relevant case of force majeure.
- II.12.2.** Without prejudice to the provisions of Article II.1.8, if either contracting party is faced with force majeure, it shall notify the other party without delay by registered letter with acknowledgment of receipt or equivalent, stating the nature, likely duration and foreseeable effects.

- II.13.2.** Even where the Agency authorises the Contractor to subcontract to third parties, he shall none the less remain bound by his obligations to the Agency under the Contract and shall bear exclusive liability for proper performance of the Contract.
- II.13.3.** The Contractor shall make sure that the subcontract does not affect rights and guarantees to which the Agency is entitled by virtue of the Contract, notably Article II.17.

ARTICLE II.14 – ASSIGNMENT

- II.14.1.** The Contractor shall not assign the rights and obligations arising from the Contract, in whole or in part, without prior written authorisation from the Agency.

- (i) where execution of the tasks has not actually commenced within three months of the date foreseen, and the new date proposed, if any, is considered unacceptable by the Agency;
- (j) where the Contractor is unable, through his own fault, to obtain any permit or licence required for performance of the Contract;
- (k) where the Contractor, after receiving formal notice in writing to comply, specifying the nature of the alleged failure, and after being given the opportunity to remedy the failure within a reasonable period following receipt of the formal notice, remains in serious breach of his contractual obligations.

II.15.2. In case of force majeure, notified in accordance with Article II.12, either contracting party may terminate the Contract, where performance thereof cannot be ensured for a period corresponding to at least to one fifth of the period laid down in Article I.2.3.

II.15.3. Prior to termination under point c), d), e), h) or k), the Contractor shall be given the opportunity to submit his observations.

Termination shall take effect on the date on which a registered letter with acknowledgment of receipt terminating the Contract is received by the Contractor, or on any other date indicated in the letter of termination.

II.15.4. Consequences of termination:

In the event of the Agency terminating the Contract in accordance with this Article and without prejudice to any other measures provided for in the Contract, the Contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the letter terminating the Contract, the Contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce his commitments. He shall draw up the documents required by the Special Conditions for the tasks executed up to the date on which termination takes effect, within a period not exceeding sixty days from that date.

The Agency may claim compensation for any damage suffered and recover any sums paid to the Contractor under the Contract.

On termination the Agency may engage any other contractor to complete the services. The Agency shall be entitled to claim from the Contractor all extra costs incurred in making good and completing the services, without prejudice to any other rights or guarantees it has under the Contract.

ARTICLE II.15a – SUBSTANTIAL ERRORS, IRREGULARITIES AND FRAUD ATTRIBUTABLE TO THE CONTRACTOR

Where, after the award of the Contract, the award procedure or the performance of the Contract prove to have been subject to substantial errors, irregularities or fraud, and where such errors, irregularities or fraud are attributable to the Contractor, the Agency may refuse to make payments, may recover amounts already paid or may terminate all the contracts concluded with the Contractor, in proportion to the seriousness of the errors, irregularities or fraud.

ARTICLE II.16 – LIQUIDATED DAMAGES

Should the Contractor fail to perform his obligations under the Contract within the time limits set by the Contract, then, without prejudice to the Contractor's actual or potential liability incurred in relation to the Contract or to the Agency's right to terminate the Contract, the Agency may decide to impose liquidated damages of 0.2% of the amount specified in Article I.3.1 per calendar day of delay. The Contractor may submit arguments against this decision within thirty days of notification by registered letter with acknowledgement of receipt or equivalent. In the absence of reaction on his part or of written withdrawal by the Agency within thirty days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable. These liquidated damages shall not be imposed where there is provision for interest for late completion. The Agency and the Contractor expressly acknowledge and agree that any sums payable under this Article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses that may be reasonably anticipated from such failure to perform obligations.

ARTICLE II.17 – CHECKS AND AUDITS

II.17.1. Pursuant to Article 43 of Council Decision 2007/643/CFSP of 18 September 2007 on the financial rules of the European Defence Agency and on the procurement rules and rules on financial contributions from the operational budget of the European Defence Agency, the College of Auditors shall be empowered to audit the documents held by the natural or legal persons receiving payments from the Agency's budget from signature of the Contract up to five years after payment of the balance.

II.17.2. The Agency or an outside body of its choice shall have the same rights as the College of Auditors for the purpose of checks and audits limited to compliance with

contractual obligations from signature of the Contract up to five years after payment of the balance.

ARTICLE II.18 – AMENDMENTS

Any amendment to the Contract shall be the subject of a written agreement concluded by the contracting parties. An oral agreement shall not be binding on the contracting parties.

ARTICLE II.19 – SUSPENSION OF THE CONTRACT

Without prejudice to the Agency's right to terminate the Contract, the Agency may at any time and for any reason suspend execution of the tasks under the Contract or any part thereof. Suspension shall take effect on the day the Contractor receives notification by registered letter with acknowledgment of receipt or equivalent, or at a later date where the notification so provides. The Agency may at any time following suspension give notice to the Contractor to resume the work suspended. The Contractor shall not be entitled to claim compensation on account of suspension of the Contract or of part thereof.

The provisions of this document also may be supplemented by specific security provisions applicable to a given multinational project or programme.

1. Access by Personnel

RESTREINT UE/EU RESTRICTED information shall only be made accessible to contractor personnel requiring such information for the performance of the Contract ("Need-to-Know-Principle"). All persons having access to RESTREINT UE/EU RESTRICTED information shall be made aware of their responsibilities for the protection of such information according to these provisions and the consequences of failure to comply.

A Personnel Security Clearance shall not be required.

2. Restrictions on Use and Release to Third Parties

RESTRICTED information furnished to or generated by the Contractor shall not be used for purposes other than those defined by the Contract and shall be released only to EU Government establishments or contractor facilities located in an EU Member State, whose access is necessary in connection with the performance of the Contract or their involvement in activities related to Common Security and Defence Policy (CSDP).

Release to any other government, international organisation or representatives thereof or to contractors not located in an EU Member State requires prior approval by the Agency or the originator, as appropriate.

3. Security Classification and Marking of Documents and Material

RESTREINT UE/EU RESTRICTED documents or material provided to the Contractor shall maintain the security classification markings assigned by the Agency or any other originator of the classified information. Accordingly, copies and reproductions of documents or material shall be assigned the security classification and the marking of the original document or material, if appropriate.

However, documents or material and derivatives and reproductions thereof generated by the Contractor in connection with the Contract shall be classified and marked to identify the RESTREINT UE/EU RESTRICTED information as provided for in the Security Classification Guide or any other guidance on security classification described by the Agency.

Documents (hard copies and electronic files), copies or reproductions thereof containing RESTREINT UE/EU RESTRICTED information will be stamped, typed, printed or written in bold and capital letters at the top and bottom centre of each front cover or cover letter, page, and of all annexes and attachments with the appropriate classification marking as thus:

EXAMPLE –

N.B. – Both French and English languages should be used for documents classified RESTREINT UE/EU RESTRICTED.

A further caveat should be included on the cover page, in the top right corner of any document bearing all, or some, of the following information, as applicable:

- An annotation that identifies the information as CSDP information,
- A legend reflecting the project / field of activity the information is related to,
- A statement on restriction of use and release, as appropriate.

EXAMPLE –

CSDP [Project / Study] USE ONLY Releasable to EDA pMS Governments

Material or computer storage media and other optical, acoustical or electronic recordings containing RESTREINT UE/EU RESTRICTED information shall be marked properly either on the material itself or – if not possible – on the container holding the material in such a manner that any recipient will know RESTREINT UE/EU RESTRICTED information is involved (e.g. by affixing a tag or sticker).

4. Downgrading or Declassification

Documents containing classified information at RESTREINT UE/EU RESTRICTED must not be downgraded or declassified without the prior written consent of the Agency or the originator, as appropriate.

5. Handling and Storage

Documents or computer storage media as well as interim material containing RESTREINT UE information must not be left unattended or handled in a manner that could result in unauthorised access. Such RESTREINT UE/EU RESTRICTED material must be stored in locked desks, cabinets or similar containers or may be secured in locked rooms/offices provided access to the room is restricted only to persons authorised to have access to the information.

During travel the documents or data storage media must remain under the permanent personal custody of the holder and must not be left unattended in hotel rooms or vehicles and not be displayed in public.

6. Reproduction and Destruction

Reproductions of documents or material containing RESTREINT UE/EU RESTRICTED information shall be produced under conditions that can prevent unauthorised persons from gaining access.

Material, including interim material, such as working drafts, shorthand notes or spoilt copies, containing RESTREINT UE/EU RESTRICTED information must be destroyed in a manner to ensure that it cannot be easily reconstructed.

Documents and computer storage media containing RESTREINT UE/EU RESTRICTED information should be reviewed on regular intervals to determine whether they can be destroyed.

To prevent unnecessary accumulation of RESTREINT UE/EU RESTRICTED information, documents or data storage media containing such information, which is superseded or no

longer needed, and provided there is no residual interest, should be destroyed as soon as practicable or returned to the originator.

7. Transfer

RESTREINT UE/EU RESTRICTED information shall normally be transferred in a single envelope either by

- Commercial courier services;
- Personal carriage by staff members without formal courier orders.

However, the envelope must not bear a classification marking.

RESTREINT UE/EU RESTRICTED information must not be transmitted by communication systems or via the Internet unless an encryption system is used, which has been properly approved by Council of the EU or the respective EU Member State's security authority.

In exceptional circumstances, telephone conversations, video conferencing or facsimile transmissions containing RESTREINT UE/EU RESTRICTED information may be in clear text, if an approved encryption system is not available at that moment and time is of paramount importance.

8. Use of IT-Equipment

RESTREINT UE/EU RESTRICTED information must be stored on stand-alone computers or dedicated networks accredited for the processing and storage of EUCL, which may only be accessed by staff having a need to know the information.

Laptops storing or processing RESTREINT UE/EU RESTRICTED information must be password protected, should have a hard disk encryption and must not be directly connected to the Internet.

The following minimum security measures must be in place when processing RESTREINT UE/EU RESTRICTED information on IT systems:

- managed access to system and hardware components (up-to-date lists of authorised users, storage in locked rooms);
- proper identification and authentication features (passwords, log-in); positive identification of all users at the start of each processing session;
- Passwords should have a minimum of six (preferably nine) characters and include alphabetical, numeric as well as special characters.
- general protection against normally foreseeable accidents/mishaps and known recurrent problems (e.g. viruses and power supply variations);
- software versions (floppy disks, CD ROMs) in use must be checked for presence of malicious software or computer viruses before starting work on RESTREINT UE/EU RESTRICTED information;
- removable computer storage media (e.g. floppy discs, compact disks) to be stored as described under Section 5 above;
- proper data backup with secure local or external storage;
- anti-virus software (implementation, with updates, of an acceptable industry standard anti-virus software); such software must be verified at regular intervals to ensure their integrity and correct functioning;
- no use of privately-owned removable computer storage media and software (e.g. floppy disks, compact disks) or other IT hardware like laptops or PCs;
- no direct connection to Internet unless protected by firewall of an acceptable industry standard;
- use of specific software tools designed for proper deletion of data;
- proper instruction on the use of IT systems in place
- proper security monitoring and auditing.

The following events should be recorded:

- a) all log on attempts whether successful or failed;
- b) log off, including time out where applicable;

- c) initial creation, changes or withdrawal of access rights and privileges;
- d) initial creation or changes of passwords.

Such records must be carried out by dedicated IT specialists only and be accessible to authorised personnel only. Copies of such records should be provided to responsible IT Security Staff, as appropriate.

Each page of hard-copy output or removable computer storage media must be marked with the RESTREINT UE/EU RESTRICTED marking.

9. Destruction and Maintenance of IT systems and Equipment

At the end of their life-cycle, or for specific operational reasons, removable computer storage media such as diskettes or compact disks shall be erased, degaussed or shredded.

On fixed data media RESTREINT UE/EU RESTRICTED information must be deleted by overwriting after completion of work unless data is not encrypted by means of approved encryption systems.

If deletion is not possible the data media shall be removed and retained.

External facilities involved in the maintenance or repair work must be obliged, where required on a contractual basis, to comply with the applicable provisions for handling of RESTREINT UE/EU RESTRICTED information.

10. Sub-Contracts involving RESTREINT UE Information

All sub-contractors must be contractually required, under penalty of termination of their contract, to comply with the security requirements for the handling of RESTREINT UE/EU RESTRICTED information as prescribed in this document.

Appropriate statements or supplementary documentation (e.g. "Security Aspects Letter"), identifying the information or those parts of the contract / sub-contract involving RESTREINT UE/EU RESTRICTED must be part of any contractual arrangement.

A Facility Security Clearance shall not be required for contractors/sub-contractors requiring access to RESTREINT UE/EU RESTRICTED information during the performance of contracts/sub-contracts or in pre-contractual stage unless explicitly required under applicable national laws and regulations.

EU Council security may - in co-ordination with the responsible NSA/DSA and on behalf of the Agency - conduct inspections at contractor facilities to verify the implementation of the security requirements for the handling of RESTREINT UE/EU RESTRICTED information.

11. Loss, Unauthorised Disclosure or Violation of Procedures

Holders of RESTREINT UE/EU RESTRICTED information shall investigate all cases in which it is known or there is reason to suspect that RESTREINT UE/EU RESTRICTED information has been lost or disclosed to unauthorised persons. Any cases of loss, unauthorised disclosure of RESTREINT UE/EU RESTRICTED information or any violation of provision described in this document must be reported to EU Member States' NSA's/DSA's concerned, the Agency and/or the originator of the information, as appropriate. Action may be taken by the competent authorities, as deemed necessary.

12. Termination of Contract

All RESTREINT UE/EU RESTRICTED information provided or generated under this Contract shall continue to be protected in accordance with the provisions of this article in the event of termination of the Contract. Such information shall be destroyed as described in Section 6 and 9 above or shall be returned to the Agency, if requested.

Appendix 2 SECURITY CLASSIFICATION GUIDE

Hardcopies or electronic versions of documents (e.g. studies, reports, analysis, specifications and descriptions, technical requirements, performances or any other documentation) as well as data storage media (e.g. floppy disks, compact disks, CD ROMS, DVD, MP3, memory sticks, microchips, etc.) containing information generated in connection with the Contract shall be assigned an EU security classification as prescribed in this appendix. This includes copies, reproductions, extracts or any other derivatives of documents or data storage media containing such EUCI.

Unless otherwise specified hereafter each document or data storage media shall bear the overall security classification at maximum RESTREINT UE/EU RESTRICTED.

In case documents or parts thereof contain information not requiring a security classification or requiring a security classification at a lower level, the different elements shall be identified in a separate check list, stating their respective level of classification. In such a case, each document or data storage media shall bear the highest level of classification of the information contained therein.

A higher classification may be assigned to compilations of documents, which individually require a security classification at a lower level, provided the compilation provides an added factor that warrants a higher classification than that applied to its component parts. However, such classification of compilations shall not exceed the highest classification level provided for under this Contract.

Any uncertainties concerning security classifications to be applied or any proposals for changes or amendments shall be addressed to the Agency.
